- Strong Communication
- Attention to Detail

## PROFESSIONAL SUMMARY

Entry-level Full Stack Developer with practical experience building responsive web applications and RESTful APIs. Skilled in frontend development with HTML5, CSS3, JavaScript, React.js, and Tailwind CSS, alongside backend development with Node.js and Express.js. Currently developing practical PostgreSQL and database-management skills. Passionate about building clean, maintainable software, solving real-world problems, and continuously improving as a software developer.

## FULL STACK TECHNICAL STACK

**Frontend**
HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS

**Backend**
Node.js, Express.js

**Database**
PostgreSQL

**Development**
REST APIs, Routing, Middleware, MVC Basics, Component-Based Architecture

**Tools**
GitHub, VS Code, Vercel

## PROJECTS

### ShopVerse E-commerce Website

*React.js • Tailwind CSS*

- Built a responsive e-commerce website with a modern user interface.
- Implemented product categories and product detail pages.
- Designed reusable React components for scalability and maintainability.
- Focused on mobile-first responsiveness and a clean user experience.

### Personal Developer Portfolio

*React.js • Tailwind CSS • Framer Motion*

- Designed and developed a modern personal developer portfolio.
- Showcased projects, technical skills, and contact information.
- Implemented responsive layouts and smooth animations.

### Node.js REST API

*Node.js • Express.js • PostgreSQL*

- Built RESTful APIs using Express.js.
- Implemented routing, middleware, and an MVC-based project structure.
- Connected backend services with PostgreSQL while developing practical database-management skills.
